In Between School Activities And Finishing Homework, Students Find Time To Enjoy Life

Whether it be lunches out with the girls or going out with the guys, we all need time to get away from the hassel of going to school.

School is no longer a small part of our day. It has become a twenty-four hour affair. The school day is over and practices begin. Afterwards, our homework must be done. So where do we find time to enjoy life? The answer:

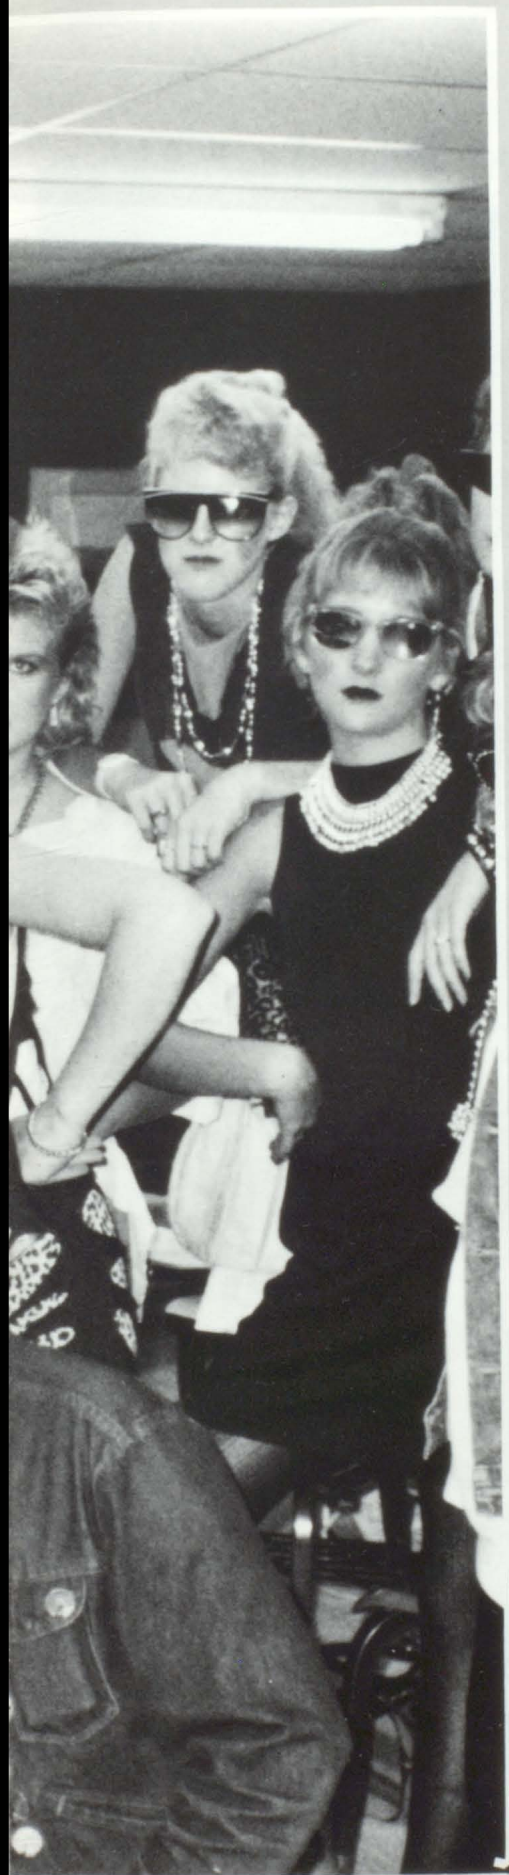

THE WEEKEND!

For some, the weekend means a quiet time at home?! But, for most of us, it is a time to party and be with our friends; a time to leave the books behind and enjoy being carefree.

Yes, there is more to life than the weekend, but the weekend sure helps us to make it through the rest of the week!

Sizzlin' For Perfection

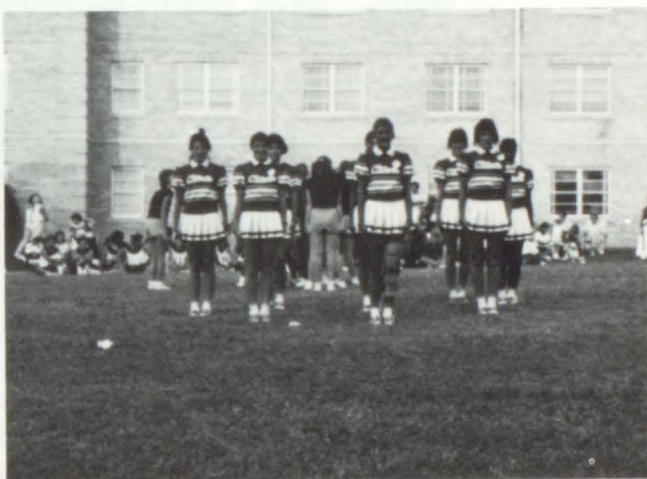

BEating the August heat, the football players and coaches began preparing for the new season as two-a-days began.

THE Varsity Cheerleaders attended camp at TCU. Each day they learned new cheers and spent hours practicing for competition that was held each night.

PRActicing just as hard, the volleyball teams began their workouts in August, also.

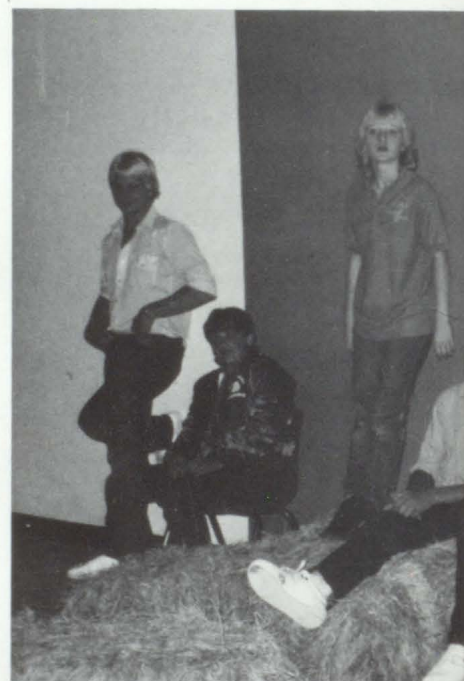

We Be Jammin'

Crowded in the cafeteria, Kennedale Wildcats welcome newcomers as well as old friends into the swing of things on September 5th. The occasion was the first Howdy Day Dance. It was a real hoot. The students, as well as the teachers, got in on the fun. Mrs. Bennett was on the spot with her favorite dance ingredients which consist of boots and a dash of SALT.

This year's Howdy dance was a success as students packed into the cafeteria after the Wildcat's victory over the Nolen Vikings.

HOMECOMING

Homecoming day has been, and probably always will be, one of the most electrifying days of the school year. This September's excitement followed suit with an awesome pep rally, the crowning of the court, and a victorious win over the Quinlan football team.

Every year it happens, the excitement and the building of unity in the school over football.

From the start, two-a-day practices in August till the very last game of the season,

the players and fans were fired up and ready.

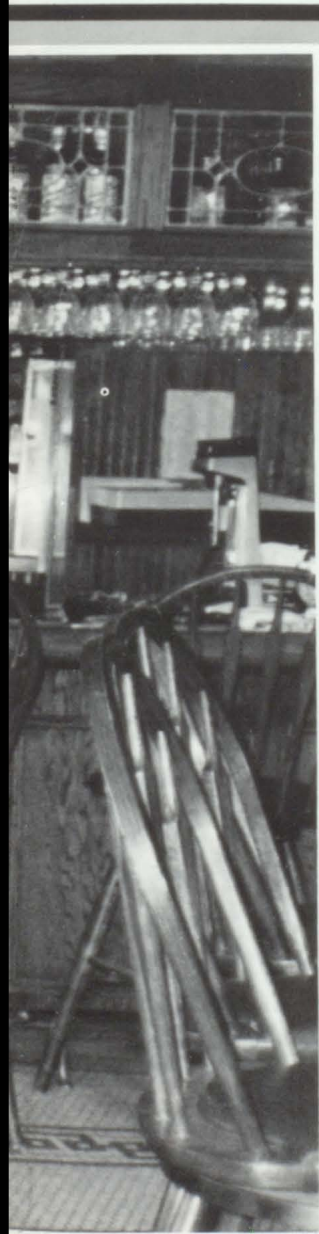

The Wildcat team was supported by cheerleaders, band, and the student body. The cheerleaders led the school in spirit with uplifting cheers and daring stunts. The band kept the fever for football alive with the fight song, "Cut Time Strut" at every pep rally and every game.

All the students had high hopes and will pass the spirit for a continuing tradition.

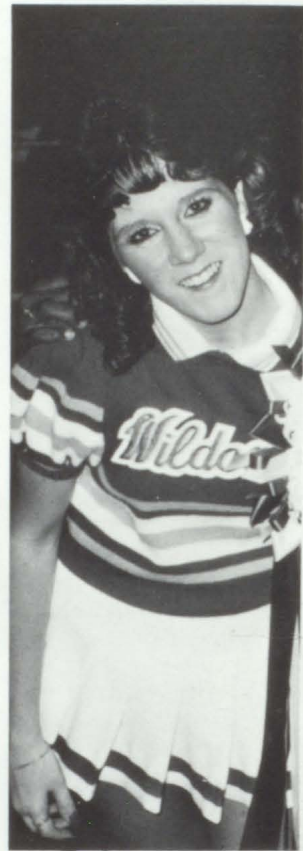

The 1986-87 Homecoming court was composed of Seniors, Laura Carmichael and Cheri Evans. Representing the other classes were Junior Laurie Shirley, Sophomore Kim Feasel, and Freshman Jana McKay Amy Knotts was crowned Homecoming Queen.

MUM'S THE WORD

It is Homecoming time again, and that means it is time for all those great Homecoming traditions ... wait, what is that ringing noise? A car? A cattle drive? No, no just the bells of those wonderful mums as they return to the halls of Kennedale High School for Homecoming '86.

Now, just what is the cause of the allure and fascination with the mum? After all they cost too much money and will only be worn once, so why is it that guys continue to buy mums for their dates? They claim the only reason they buy the huge \$40-up flowers is that everyone else does. Well, maybe so, but aren't we glad that everyone else doesn't jump off a cliff at Homecoming rather than wear a big, ugly flower? That could cause a pretty big "drop" in enrollment, couldn't it?

Maybe tradition is the reason that the mum continues to thrive at Kennedale and other schools. After all, the mum, the gaudiness, and expense notwithstanding, has been an important part of the Homecoming tradition for as long as anyone can remember.

LAURIE SHIRLEY is keeping the tradition.

The cheerleaders (above) bought that Halloween spirit alive with their array of costumes. At Christmas (right) the juniors gave K.H.S. the treat of Santa Claus and his adorable elves.

Hey, Michelle, where's my balloons?

THOSE WACKY, WILDCAT HOLIDAYS!

As every year, we showed off our Wildcat spirit on every holiday but St. Patrick's Day (which was during spring break). Even then I bet there was some Wildcat wearing green. For Halloween we dressed up, if one could call it "up", and gave each other scare or laugh. Then Christmas breezed by and blew in good ol' Santa who heard our wishes.

Of course we could not forget Valentine's Day! The cupid struck again in National Honor Society, and the juniors filled the skies with balloons. The Easter Bunny even sneaked in. Did you see him, OR her?

Yes, it was a very merry year here at K.H.S!

Originally, the powder puff football game was a time filled with laughter and good times. This year's seriousness about the "game" resulted in injured bodies and friendships. At the end of the game, the scoreboard was tied - twelve all.

Excitement of the game began rustling in the halls almost a month in advance. Practices started and ego's swelled.

Scoring both touchdowns for the senior and freshmen team was Sr. quarterback, Dee Dee Roberts. Scoring for the junior and sophomore team was Jr. quarterback, Michelle Holston.

At their usual best, the "male" cheerleaders were a hit! Lipstick and blush shining from their faces brought much laughter and enjoyment to the crowd. Working hard and practicing twice a week, they performed a spectacular pep rally the day before the game. Yes, the cheerleaders again made this occasion a success!

Coaches Retain Championship In Annual Basketball Game

Playing with the intensity of two teams competing for the NBA title, the Kennedale High School senior boys and coaches faced each other on the basketball court on Friday, March 6.

The winning basket was made with less than two seconds left on the clock by Coach Biondi when Coach York threw him the ball from mid-court after a time-out. At one point in the game when Darren Lacy became too aggressive, York stopped him by grabbing one of his feet and holding it in mid-air. Oddly enough the referees-Tim Pinkerton and Ruben Lopez-did not seem to notice this rather unusual play.

Playing for the seniors were Mike Snelson, Paul Washington, Darren Lacy, Jeff Byrns, Ron Smith, Shane Fincher, Bubba Franks, Todd Anthony, and Mark Wright, with Mike Snelson as the leading scorer.

The coaches playing were Danny Yokeley, Richard Barrett, Mark Biondi, Mike Burke, Paul Basaldu, James Teague, Charles York, R.L. Williams, Bro. Mark Wells, Tim Smith, and Greg Bennett.

Our seniors played a great game but the coaches still won, narrowly squeaking by 48-46.

ON THE BEACH

Well, Seniors, this one's for you. It is a look back at some of the last memories that we have made together.

Remember getting everyone to the airport? That was a major accomplishment. How we all made it, no one will ever know. Of course, the highlight of the trip was Mike Snelson flirting with the flight Attendant. Little did he know everyone was watching the "stud" in action.

The weekend was full of good times, inside jokes, and laughter. These memories that we have made together will remain with us and will always be with us. They will be a part in our lives that will never be forgotten.

The Final Play Of The Game

Now that all the years have passed
once so far away.
Only seem to bring a dream
of hope for them to stay.

God give me strength and courage
to begin a brand new life.
Keep my eyes straight ahead
and not look back in strife.

Graduation brings such joy
but tears accompany, too.
The things of old have passed away
and life begins a new.

The future seems so hazy,
yet still it shines so bright.
Nothing seems impossible
while looking in His light.

Now it's time to say good-bye
to all our childish toys.
For now we are men and women.
not just girls and boys.

Cats Shut Out Glen Rose And Move On To 3A State Playoffs

The highlight of the Wildcat's season was their shut out over Glen Rose. Each coach and player, as well as each fan, savored the sweet taste of revenge.

The local newspaper read, "When the stadium lights were finally turned off and the few fans who celebrated into the night outside the locker room decided to go home, Kennedale's shut out over previously undefeated Glen Rose had become a part of football history. Fans poured onto the field to celebrate Kennedale's championship title, as the Wildcat players carried Coach Yokeley off the field. The scoreboard told the story: Kennedale 12, Glen

Rose 0."

Undefeated at home for the past two years, the Wildcats marched off with the District 10-3A title for the first time in history.

The Wildcats made their first trip to the 3A State Football Playoffs to face the Carroll Dragons. Although not playing to the best of their abilities, they were defeated.

Over all this was a good year for the Wildcats, they pulled their rank in 3A competition, fought hard, played hard, and won. Not only did they prove to be competitive in 3A; they proved to be champions.

VOLLEYBALL TEAM OF '86

August the eleventh the challenge began.

The reality of it all was at hand.

There we were in the ancientness of the Jr. High gym

Trying to put together that first win.

We won that first one and the next five out of six,

Then we began to take our licks.

By this time we had gained the title of the "Smurfs".

We deceived other teams by holding our turf.

Our setter, Melissa, was skilled and quick,

And I know she was the best in the district.

Then dinking and spiking according to plan

Was Laura, our Captain and Three-Year Letterman.

Tonie was always quick to hit the floor,

But always came up asking for more.

Suzy had that great serving arm

That more than once gave others alarm.

Rachel could never be overlooked

Because she was always there in every nook.

Qzonna deceived everyone by playing big.

A five footer, spiking is a pretty good dig.

Tammie was always ready to take up the slack,

And could play front row as well as the back.

And finally there was Jana, our lone "Freshman"

Whose skill and attitude inspired us, as well as, every fan.

Placing Second in Midlothian's Tournament,

And beating them twice was a great accomplishment.

I'm proud of this Volleyball Team of '86,

As in years past, tradition holds true once again with the elections of the band beau and sweetheart of the Kennedale Wildcat Band. Sweetheart and beau are chosen from seniors by band members only.

Nominees for beau were Joe Gaines, Joe Johnson, Darren Kocur, and Scott Webb.

Why is everything sideways?

Kept up with all the latest news and gossip? The Newspaper Staff did, and they helped the rest of us do it, too. The staff spent much time and effort to put out a newspaper for others to enjoy. They took words and instilled them on paper to last forever. From the "cutesy" articles to the news reports, they kept us informed. They proved to the rest of us that *writing* CAN be fun!

Quill And Scroll

Along with toys, the children also recieved food. Shown here are students preparing the toys for the children.

Mike Snelson helping to load the many cans of food to take to the home.

School Clubs Help Needy Children

There were many happy children this Christmas. Our Student Council and National Honor Society succeeded in making the childrens' holiday a little brighter.

Student Council sponsored a can food drive. This turned out to be a great success. Almost 1600 cans of food were collected. The National Honor Society held a toy drive. Each member appeared at the Winn Dixie in Kenne-dale on Saturday December 6 and 13 to collect toys. Along with toys, some people were generous enough to donate money. On December 14, the toys were cleaned, repaired, and wrapped.

The food and toys were loaded onto a truck. The students were eager to deliver the load to the Oakgrove Home for abused children.

Kurios Kats

The fun starts off with Jane Haskell jumping across the room with a banana between her knees
...

Then the banana is passed along the line with their feet .

Come on Terry, pucker up!

In the end, the students try to peel the banana with their mouths.

What Did You Get In

Trouble For In High School?

THIS year we decided to take a different approach when putting together the faculty/administration pages. Today, our teachers and administrators try to correct and mold us into responsible adults. Yet, they too were students

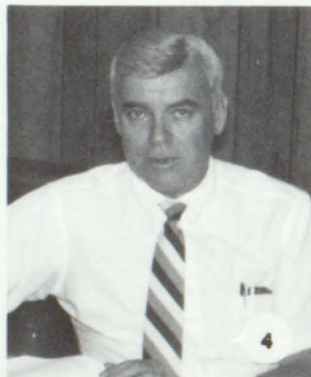

and had their share of high school life. Their likes and dislikes as well as mistakes have influenced them just as ours will affect us. Need I say more? Well then, let's find out what went on when our teachers were in school!!!

1. MR. Patterson- "... OOPS! Just missed him! I guess he's a busy man!!! 2. DR. Mershon-" I was caught in my sewing class in the convent school reading a mystery novel!" 3. MR. McKay-"I caused a pink haze to spread throughout the school when I was conducting a chemistry experiment!"

4. MR. Cockerham-"I got caught chewing gum in class." 5. MR. Smith-"I usually got in trouble for cutting up in class." 6. MR. Platt-"I was caught speeding in front of the school. I took eight licks since it was the best of the three options offered by the principal!"

7. MR. Horton-"I was caught leaving school before school started!" 8. MR. Kirkpatrick-"I was always late to school!" 9. MR. Barnes-"Coach Biondi and I were caught putting a kid on top of the lockers before science class!" 10. DR. Holston-"I almost burned down the school during a science experiment!"

WHAT WAS YOUR

LEAST FAVORITE CLASS AND WHY?

1. MRS. Greiner-"None, I learned from all of them." 2. COACH Yokeley-"Chemistry, it's the only class I ever made a D and a F in!" 3. MRS. Eifert-"Algebra, my teacher screamed at us, so I was afraid to ask questions." 4. COACH Biondi-"If I had to pick one, it would be physical science since I made a D in it." 5. MR. Heath-"General science, I almost failed it!" 6. MRS. Anderson-"Biology II, my teacher and I had a BIG personality conflict!"

7. MRS. Bennett-"Geometry, I hated memorizing those blasted theorems and proofs." 8. MR. Rydell-"F.F.A., I didn't like to slop the pigs!"

9. MS. Norton-"Math, my teacher was senile." 10. COACH York-"History, I didn't like all the dates, but in college I enjoyed it!"

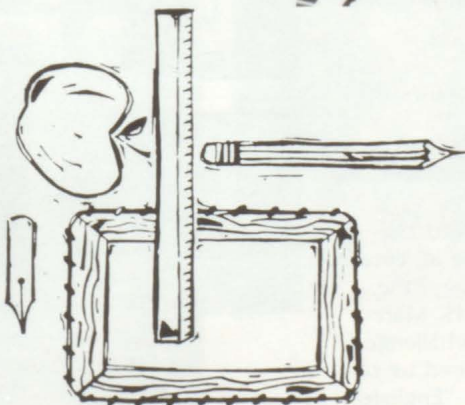

11. MR. Dingman-"Sophomore biology, my teacher ('Creapy Beth') hated the specimens, so I never got to dissect!" 12. NURSE Carden-"Biology, the teacher was strange!"

13. MS. Barnes-"Geometry, the teacher could not teach the course." 14. MRS. D. Brown-"Grammar, it was the same material every year."

15. COACH Barrett-"Spanish, I could never conjugate!" 16. MRS. Mitchell-"Biology, the teacher yelled all the time. I think he had family problems!" 17. MRS. Harper-"Chorus, I could not carry a tune!" Even now I'm sometimes guilty of mouthing my words in English class.

WHAT WAS YOUR

FAVORITE CLASS AND WHY?

1. MR. Williamson-"Holidays!!" 2. MRS. Worley-"Drivers Education; it was my chance to get revenge on dumb drivers!" 3. MRS. Palmer-"English, I liked reading and words, and I made A's."

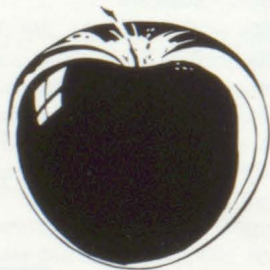

4. MRS. Kulaga-"Government, I really enjoyed current events ... like WOMEN'S LIB!"

5. MS. Scarborough-"Chorus and English, I enjoyed them both."

6. MR. Williams-"Math, the teacher made class interesting."

7. MS. Weaver-"Pre-Employment Lab Education for childcare, I enjoyed working with kids." 8. MS. Balthrop-"Journalism, I liked the teacher, and ink runs through my veins." 9. MR. Wolfe-"Biology, I liked to bring wild critters to school (I liked nature.)"

10. MRS. Cowser-"Science, the teacher (Mr. Manning) was good-looking!" 11. MRS. Mooney-"English, I enjoyed it and decided to teach it." 12. COACH Lamberth-"Athletics, I knew since elementary school that I wanted to be a coach." 13. COACH Barnfield-"Stage band, I loved band." 14. MS. Horton-"Speech, all of the cute guys were in my class!"

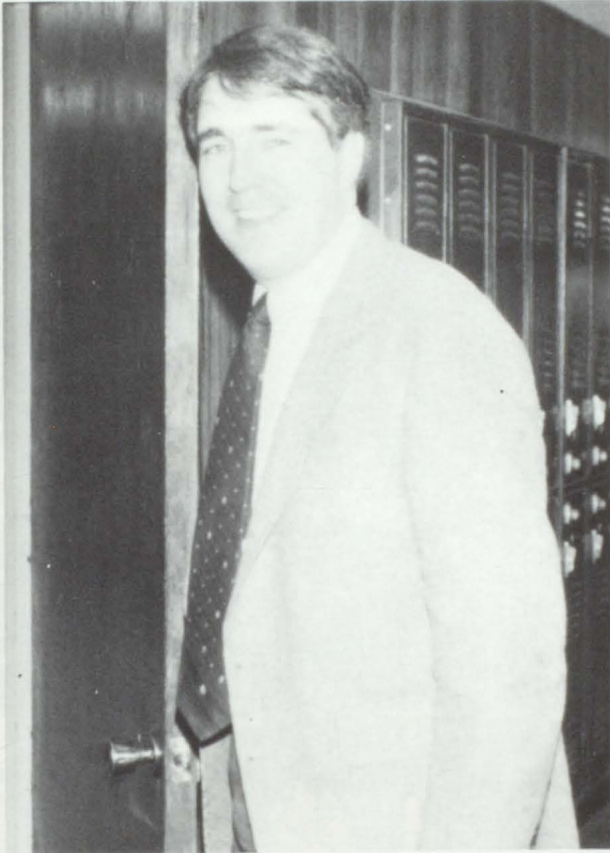

15. MR. Easley-"Spanish, I liked the language, and the girls were all cute!" 16. MRS. S. Brown-"Psychology, the teacher was brilliant!" 17. MS. Marr-"Humanities, the teachers challenged our viewpoints and introduced us to so much." 18. MRS. Sanders-"English/literature; the teacher was outstanding!"

Dedication '86-'87

Tim Smith

The 1986-87 yearbook staff would like to dedicate this year's annual to Mr. Tim Smith for his work and devotion in the Kennedale schools.

Mr. Smith has been employed with the school for five years. This year he showed the Wildcat spirit by moving up to bigger and better things. Formerly the Government/Free Enterprise teacher, Mr. Smith now serves as the Assistant Superintendent of the KISD.

A special "thanks" from the senior class of '87, which was the last to enjoy his infallible teaching methods. Congratulations, also, from the entire student body and good luck throughout the rest of your career!!

Fish Work Toward Goals

and hope to achieve them by the end of '86-'87 school year. Lori Wolfe wants to be on varsity basketball and varsity track. She is determined to be a part of the Student Government and is hoping to get on the Super A honor roll.

Some freshmen aim higher than others. Rachel Taylor wants people to have a little bit of respect for freshmen and is determined to letter in track this year.

Then there are the freshmen who need a helping hand just to get to class. Natalie Moline would like to get to first period class on time. Also, Jonathen Galley wants to pass all his classes.

There are even freshmen who are willing to get along with teachers who give them hard times. Kisha McQuinne has expressed a serious desire to get along with Ms. Balthrop.

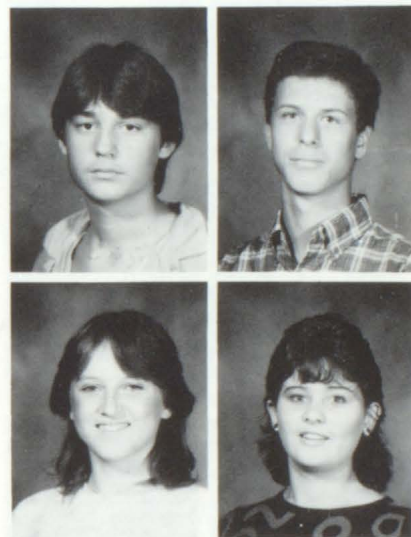

Some freshmen want to be able to do something exciting. Monica Eckert wants to be able to sew clothes. Also, Kim Roudon would like to get first chair in band and make new musical rhythm.

All of these freshmen are working toward their goals. They just need a push to get them started.

Who We Admire Most

All of us admire someone. We all wish we could be like someone else at sometime in our live. For instance:

"I admire Spud Webb because even though he's short, he doesn't let it interfere with his athletic goals," says Rachel Lopez.

"I admire Bruce Willis of Moonlighting," says Scott McKeown. "He has a great personality and is a very funny person."

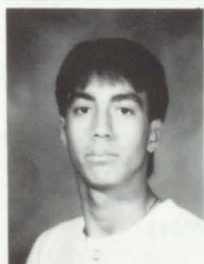

"I admire Barbara Striesand because she is a great singer. She's been on Broadway, and she's a big inspiration to me," says Eileen Kocer.

Admiration is a part of life for everyone. Admiring people helps us to set higher goals in life.

Juniors Plan Ahead

As the final year of high school slowly approaches, the Juniors start making plans. What are their plans for the future? This was a question asked to a few students of the Junior class.

Sammi Wymer plans to attend ATM and get her veterinary license. She hopes to start her own business.

Kieth McKay said that he is going to go to UT. He plans to major

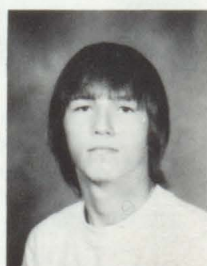

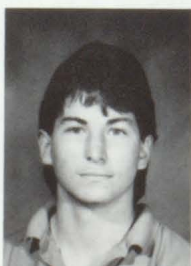

in music and later become a band director

Chris Guyton has plans to be a computer programmer and attend DeVry.

Tammie Kirkpatrick is going to study law at MSU.

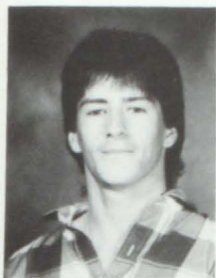

Tiffany Barnes will attend BU to get her masters in sociology, and in the process, marry Patrick Schwind.

One Last Look

Well, this is it, Seniors, the final step we must take in order for us to grow up. These two pages are for us ... the last look back before we close the door and move on. As each of us looks back, we see the thrill of the football games ... the players, the band, the cheerleaders, and especially the fans. We see the friends we've made and lost as well as the good and bad times here at K.H.S. Prom and Homecoming remind us of the fun we had and the special relationships we've

gained and lost.

The organizations we were a part of and the fellowship we gained in our classes will also never be forgotten. And of course, we cannot forget the faculty here at K.H.S. They are the individuals who have influenced our lives more than we can begin to imagine. Basically, it has been great and the memories we have from these past four years will never leave our hearts and minds. Just remember, "HEADIN' FOR THE TOP, READY AND REVVIN'. WE'RE THE CLASS OF '87!!!"

When it seems parents do not
understand, teachers do not care, and
problems arise from nowhere.

Friends Make A Difference

friend [frend]; n. 1. person
who knows and likes another 2. person
who favors and supports

A friend is much more than a dictionary
definition. We laugh, cry, love, and,
sometimes, hate with our friends. Our
friends know our deepest, darkest secret.
By the way, have you hugged your friend
today?

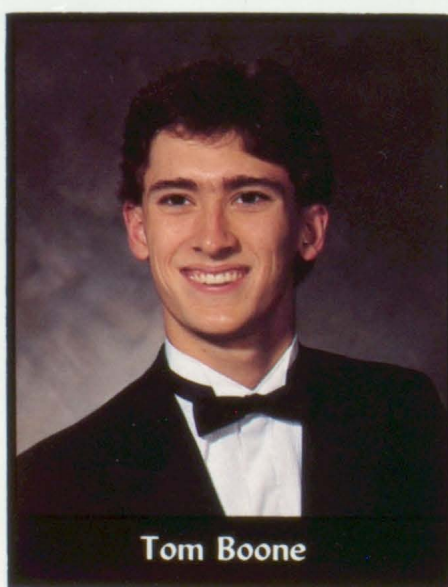

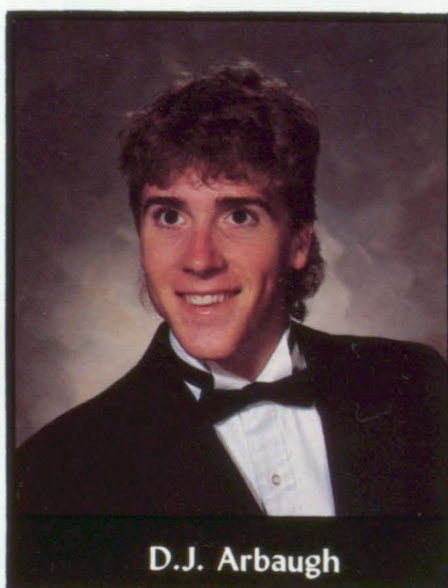

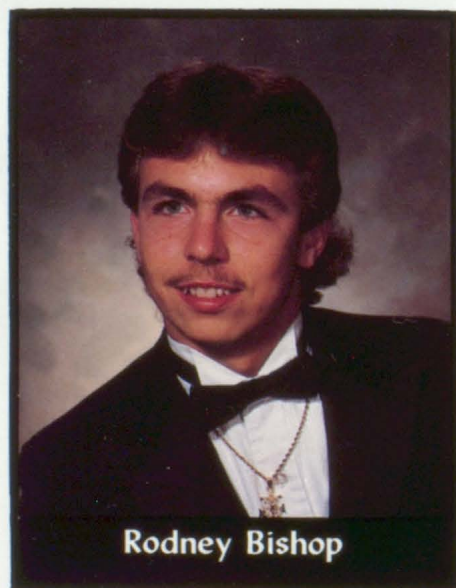

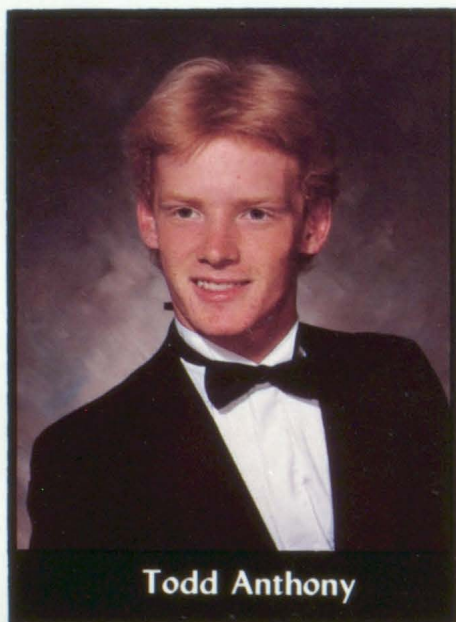

A Friend Is:

- - one with whom you dare to be yourself
- - someone who laughs with you, not at you
- - one who listens when no one else has the time
- - a person who not only forgives-but forgets
- - one who will not be forgotten or left behind
- - ALL OF THE ABOVE!

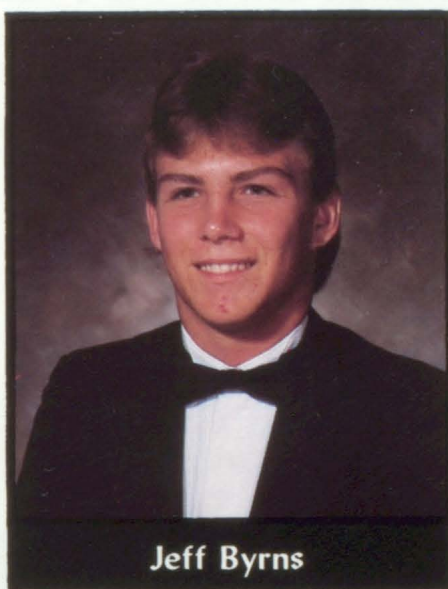

Hey Brian, Grin and bear it, it's almost over. D.J. / Nice to have a friend like you, Gina, BOBBIE / There's no beginning and no ending, but always something in between both - a friendship like yours, Mary Wood. MARY ANN and AMY / Scott, memory fades, but love is everlasting! LISA / Randy - aren't you glad I asked you out? RY'NEA / Love is grand, marriage is wonderful(?) / To all my friends, good luck in the future! ROBYN ALBRO / Roomies forever Robyn! YOLANDA / Good luck to the 1988 football team and carry out the winning tradition! MIKE SNELSON / To all future students of K.H.S. and teachers ... BYE! BUBBA FRANKS / To Greg Pfitzmer, carry the name of the Dirtball and Mrs. Bennet. Good luck with the cheerleaders next year. KENNETH "DIRTBALL" MICHELS / Well Julie Pratt, what can I say? You are so special to me and I'd be crazy if you weren't my friend. Don't you ever change and always remember you are something special to me! I love you! RILLA McWILLIAMS / Rilla, You are a wonderful friend. Thanks for being there for me when I needed you. I love you, JULIE PRATT / To all students: Have fun putting up with the teachers. To all teachers: Have fun putting up with the students. It's been real! TERRY / Good luck to the sprint relay team. Hope they can hold on to the baton longer than we did. JEFF BYRNS / Lila and Pegs - to the greatest two friends in the world! I love you two, and no one will ever come between us and our secrets! (Thank God for that!) CHRISTINE / Christine, You've been such a great friend. Thanks for all you've done and to the fun we've shared. You're great! Love Ya, PEGGY / Jennifer, the special times and fun will not be forgotten. Thank you. God bless you! DEE DEE

Plan To Buy An
Ad Space In
Next Year's
1987-88 Annual!

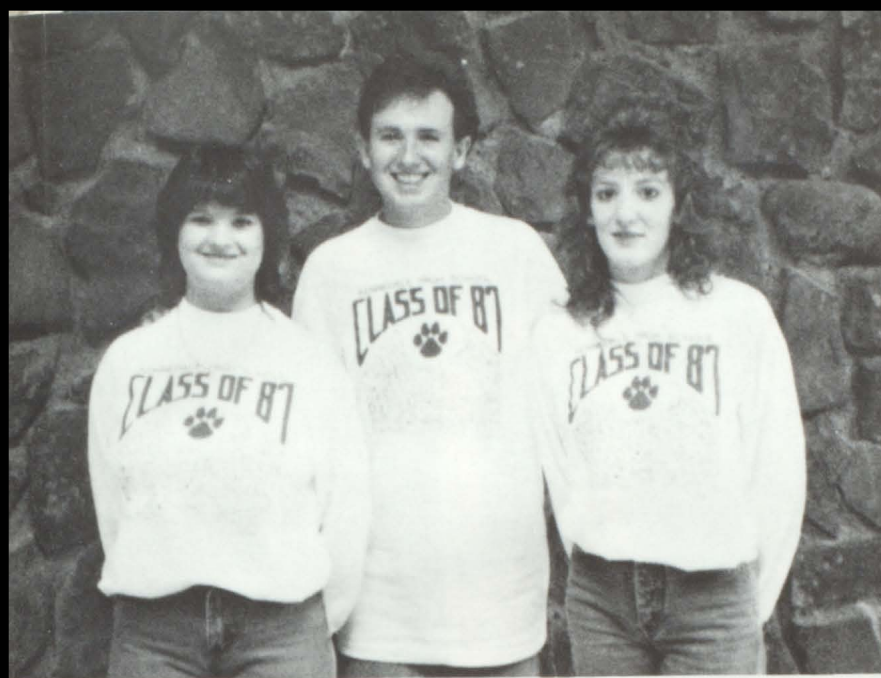

It was finally May. The end was drawing nearer and nearer. We anticipated the ending of the school year, although many of us regretted leaving our friends.

As the year came to an end, we looked back at the past year. We remembered all the good times as well as the bad - Homecoming; receiving the title of 3-A District Champs, only to face the disappointment at play-offs. Then there was the special time of Christmas, to be followed by the hard work of the NHS and the student council. Next, came basketball season, a successful track season sending three KHS students to Regionals, the senior trip, and prom. Finally, graduation brought an end to the '86-'87 school year.

As the year closed, we looked back on our past, but we did not dwell on it. Our sights turned to the future.

The time had come to say good-bye and move on to a new life. The seniors began plans for either college, work, or marriage. The rest of the student body made plans for the summer and began preparation for the new school year. Many plans were to travel and receive a hands-on education. Other students have made career choices that could be of assistance to them for the future.

Through various means, each individual has left behind familiar ways and old friends to pursue a new and challenging life.
